

wisconsin has an outstanding no-call list that protects us from unwanted calls from telemarketers. We do not want the law changed in any way, unless it is to make it STRICTER. I do not want to be receiving calls from anyone for 18 months after my last contact with them, allowing them to harrass me to re-establish my relationship with the company. If I want a relationship with any company, I will seek it out on my own. I don't want any business calling me at home, and do not want Wisconsin's law weakened in any way. Businesses have enough ways to contact me already without bothering me at home. Thank you.
